1. ARCANE ARKANA, THE DESIGNER WORLD CODE IN THE ENGLISH/EUROPEAN LANGUAGE AS REVEALED BY ATHENA

2. Evolution Is An Illusion

This is a quite an exciting presentation!

The human being is now more complex than ever. So complex that much cannot be decoded, and the analogy of being a bio-computer falls apart. Cells have also been found that are unlike any cells we know, that reproduce, and in the first few years no DNA was found.

Did you know that there are many more than 200 types of cells in the human body? All the basics we have been told about DNA, RNA, Cells, are limits that are untrue. And that evolution is a theory that has not been proven by the scientific method

Also quite some new Designer World implying movies have accumulated and are interwoven throughout the presentation, as well as old world evidence.

Just as the actual nature of the sun and especially the moon was obscured by the Jesuit Order, as has been explored.

4. THE OLD WORLD, ANCIENT MUDSLIDES, ANTARCTICA, OLD WORLD TECHNOLOGY, THE AETHERIANS

This is a unique classic where Ananda delves into the mudslides and recent Resets of recent history, as components of the Designer World kaleidoscope. This delved deeply into the many examples that many of the old world buildings were inherited by the present human race, and this can be seen all over the world. Ananda delves deeply into examples, but also places it in a cosmological framework, and the Designer World Model, which makes sense of this other recent history, edited out of the history books. Abandoned cities are shown from the 1800s, which become inhabited by the new mankind. What and who is behind, many clues are given. If you did not see this one, it gives rich food for thought that is utterly thought provoking, and gives deep implications. **It is quintessential!**

5. NEW VANTAGES IN A TRANSFORMING DESIGNER WORLD

Topics are amongst other: **The Prague Astronomical Clock** as the Giant Earth Moon Map and it's different layers from 1410 by clockmaker Mikulas Kadané (the oldest astronomical clock in existence), being an advanced computer model of the star gate ages.

These layers are detailed, along with their superimposition over the ages in our worlds greater cycle.

These ages are being explored in graphic detail, with indications to an even larger Giant Earth model, then the one presented so far, linked to a larger cycle. This larger Giant Earth

model — now begins to conform to the size required, for the largest distances recorded by independent observational science, which extend way beyond the Globe model given by the Jesuits and NASA/NACA. A Designer World Model enables parallel modelling. The Jesuits and relative secret societies, have embedded deep coding in their works.

6. UNITY SELF META PROGRAMMING et alia

7. Meditations & Updates

This webinar includes 2 long meditations, **which are a great base for further meditation practice.** This webinar is an earlier webinar from the last years (not the one from 2025).

13. UNIVERSE CREATING AWAKENING DREAM YOGA- The Technology of the Awakening Dream - Tools in Co- Creation with One's Own Universe — the Purpose & the Means

So far Psychonauts, Shamans, Buddhists, & Visionaries have been crafting their own universes, with all the senses, in self reflection, and awareness — now Science Studies have found these landscapes to be visited by different pilots and they are chartering out, in mapping these domains, experienced by different people, at different times.

In this Awakening Dream sequence of the school of Earth, the birth of the Sons and Daughters of All Is God of All-Oneness emerges from those that utilize Dream Yoga, and the various Neuro-Cybernetic Crafts, to engage one's own unique universe, in co-creation with the universal Awakening Dreamscapes in montage.

Diamond Body Lotus Trainings, and the Darkroom Retreats together with the Star Gate Codes of Emmanuel series, are various technologies for this.

However, there is more. And these ascertaining tools will be explored in this webinar-seminar.

17. The Designer World Hypothesis (A classic!)

The montage of realities we call reality has a deep code. Nothing is as it seems. But there is much that can be made self evident. The Designer World Hypothesis, is neither heliocentric nor geocentric, although it applies to both, and there is an overlay in both. It goes far deeper, to the very foundation of our existence.

We deeply delved into new & ongoing research and we are presenting new data and slides not presented in any of the webinars before in this upcoming standalone presentation Whilst our August 2016 “New Revelations for a Fake Reality,” touches upon aspects of the Designer World Hypothesis. The lie lies on different places, on different scales. Our reality is much more than what we have been programmed to frame it with, to be. Yet, what is the fake? What is its purpose?

New information and data revealing more in this direction has emerged, and we have been sifting through it for some time, and it has come to a culmination.

Also, during the Stargate Codes of Emmanuel 13 part series, we put aside some slides, named Designer World Hypothesis.

Together this makes a new combo presentation that has stunning implications!

[This is a classic webinar-seminar](#) at the forefront of deep reality meditation and cognitive ontological reflection!

18. The Realm - THE NATURE OF THE ROLE OF EVIL IN THE UNIVERSAL & GLOBAL GAME

Transcendence to the Black/White Polarity Dynamics

[A classic exciting Webinar](#) about a topic that is as old as mankind!

With so much evil occurring in our world, often played with intent, when All Is God, how does this fit into the universal, global, personal, and mankind's picture of comprehension?

The Emmanuels gave details on these players, with avid specifics, as well as the Empire(s) that arose through them. What their principles are, within us, the world and the universe. Also the Veda's have detailed descriptions.

What is the realm of evil? Who plays within it, what is their purpose. Some details may be surprising.

28. THE ADEPT INITIATES, ALCHEMISTS, IMMORTALISTS, & THE QUEST OF REGENESIS (with Italian Translation) Ananda has had interaction with adept initiates, some of whom are hundreds of years old, other thousands, through go-betweens.

They were aware through the inner Hermetic Networks, of Ananda's 1985 NDE, awakenings, contacts, and initiations. They are a network all over the world. They do not eat much, and focus their time on alchemy and the Great Work of the alchemical fusion of their bodies, and the alchemicalization of mankind.

Many of you have waited years for Ananda to speak on this topic.

These adept initiates also have more recently started to have

contact with the Emmanuels.
